Dear Miguel,

On behalf of IBM, it's a great pleasure for me to recognize you as a 2010 IBM Information Champion. The IBM Information Champion program recognizes individuals who make exceptional contributions to the IBM Information Management community. You were nominated for this recognition by Information Champion Kate Tomchik and IBMers Rakeshkumar Naik, Terri Gerber, and Ron Bray.

You are among a small group across all of IBM Information Management and Business Analytics communities to be recognized as a Champion. This recognition is for your previous contributions and does not come with any obligation to you. Of course, we do welcome your continued contributions and participation in the program.

Please take a moment to read more about the program at:
ibm.com/software/data/champions.

Thank you for your leadership in the Information Management community.

Regards,
